

Editorial

Well POTTERERS another year almost over, they really do fly by don't they? I seem to have been out of circulation in one way or another this year and have done little riding but am

determined to get some more miles in next year!

What a marvellous advertisement for the sport our Track Cyclists have been this year, they really cleaned up in two rounds of the World Cup and topped it off with the same at the Olympics, make the most of it, we will never see anything like it again! Well we can hope can't we?

We were rather caught napping in August but I think you will agree we have pulled out all the stops for Madge this time.

I hope most of you will be at the Christmas Raffle and one or the other of the Christmas Dinners, well both if you like.

It's a little early for Christmas wishes but here goes;

The Very Best of Christmas Wishes to you All,
from Pat & Les Collar
